2672	10/31	GARDEN CREST	3750.00

2672	10/31	GARDEN CREST	3750.00
2672	10/31	ROSE APARICIO	200.00

The left signature was executed on October 10, 2013, on the Kaiser Health Form, GCCH 00021, Dr. Khang, 10/10/13. It is the latest known signature of Dorothy Horwitz. On the right is a page from her checkbook, where on 10/31/13, she attempted to write "Garden Crest" (red circle) unsuccessfully. Thereafter, Rose Aparicio, her caretaker, wrote all the subsequent entries (~~2671~~, 2671, 2672) and checks. There are no known and independent signatures or writings of Dorothy Horwitz after November 1, 2013.

### THE FORGED JURAT SIGNATURE OF NOVEMBER 18, 2013

Signature of Document Signer No. 1

The above is the forged November 18, 2013 signature found on the Jurat form. Dorothy Horwitz was unable to make entries into her checkbook, was heavy drugged on morphine, Dilaudid and Lorazepam for pain and psychological issues. All of her previous writings were jagged and uneven. In all known signatures, the "D" of Dorothy is separated from the "orothy" and the stroke ends below the top of the "o". The "Horwitz" is inclined, and the "r" is compressed, not distinct.

The evidence clearly and unambiguously shows that it would have been impossible for Dorothy Horwitz to execute a "smooth and flowing" signature on November 18, 2013, as the trustee and his representative personal assert.
